## Erasmus MC Summer School of Neuroendocrine Tumour Management

Wednesday, 13 July 2022 – Friday 15 July 2022

This industry-sponsored course has been specially developed for young investigators working in the fields of endocrinology, nuclear medicine, surgery, pathology, oncology, gastroenterology or other specialties involved in managing neuroendocrine tumour patients. It will consist of lectures, workshops and interactive sessions provided by faculty members of the Erasmus Medical Center and academic partners with clinical and scientific expertise in neuroendocrine tumours.

The number of participants is limited to 15-20 per year.

An application has been made to the EACCME® for CME accreditation of this training course.

**Presenters will be announced in due course**

**Patient case presentation:**

All participants are invited to present a patient case from their own practice; the management of each case will then be discussed by the group.
